SECTION 4. FIRST-AID MEASURES
4.1. Description of first aid measures
General instructions: Immediately rinse with soap and plenty of water. Use personal protective working aids.
If inhaled: Transport the affected person into the open air. If there are respiratory complaints, oxygen must be
administered. If irritation persists, seek medical advice.
In case of skin contact: Wash contacted area with soap and water. Remove contaminated clothing. If irritation occurs, seek
medical advice.
In case of contact with eyes: Rinse with a stream of water for at least 15 minutes. Thorough rinsing must be ensured by
opening the eyelids. If irritation occurs, seek medical advice.

If ingested:  Do NOT induce vomiting. If conscious, rinse the mouth and administer a large amount of water to
dilate the substance. In the case of unconsciousness, never administer anything orally. If irritation
occurs, seek medical advice.
